**New Amerigroup Medicare Plan Features Coordinated Care through IntegraNet Health,
Van Lang IPA Network**

Key Benefits Include \$0 Premium, \$0 Copays

HOUSTON – Oct. 14, 2015 – Amerigroup is launching a new \$0 premium Medicare Advantage (MA) plan in collaboration with IntegraNet Health and Van Lang IPA in Harris County for this year's Annual Election Period (AEP).

The plan, called Amerivantage Select (HMO), is centered around a model of health care delivery focused on preventive, coordinated care and a positive patient experience.

“Coordination is key to a member’s well-being, including primary care doctors and specialists who share information about their patients,” said Joshua Martin, president of the company’s Medicare west region. “This helps make sure, for example, that there’s a proper handoff when a member is released from the hospital. And this level of preventive care also helps keep costs low for our members.”

The plan’s low out-of-pocket costs include \$0 copays for primary care visits and preventive care, such as annual physical, dental, vision and hearing exams.

At no additional cost, plan members also have access to transportation coverage for medical visits, a fitness program and allowances for eyewear, hearing aids and health care items, such as cold and allergy products, dental products and vitamins.

“At IntegraNet Health, we make the patient’s health and well-being the center of our focus through patient-centered medical homes surrounded with outpatient specialty care, chronic disease management and home-based care,” said Lawrence J. Wedekind, CEO, IntegraNet Health. “We’re honored to be a part of the Amerigroup family of health plans, and look forward to working with Amerigroup to improve the health of their population.”

Dr. Dac Vu, president of Van Lang IPA, said, “Van Lang IPA values the confidence entrusted by our patients, their friends and family in selecting our physicians as their primary care doctors. Our doctors are experienced at collaboration, communication and coordination with specialists and hospital systems to provide excellent care for chronic disease management. And more than 75 percent of our primary care doctors have Saturday clinic hours to improve our patients’ ability to access care.”

The Amerivantage Select (HMO) will be available for enrollment beginning Oct. 15 with an effective date of Jan. 1, 2016.

Medicare Advantage plans incorporate Medicare Parts A (hospital) and B (medical) into one convenient product that may include additional benefits. This plan also incorporates drug coverage under Medicare Part D. Millions of people have chosen these plans, which offer certain preventive health care services at no extra cost to help keep beneficiaries healthy, detect diseases at an early stage and avoid preventable illnesses.
